

## COVID-19 Relief Work Highlights in April, 2020- Prayagraj

### Supported by Oxfam India

#### **Context:**

With the spread of COVID-19 pandemic all over the world, life has come to a standstill which has caused major problems and in efforts to contain it in India have resulted in an urgent lockdown by the government, both at the state and at the national level. On 21<sup>st</sup> March 2020, a nationwide lockdown was called as to contain the spread of the virus. This was later converted to a 21- day lockdown all over the country which now has been extended to 3<sup>rd</sup> May 2020. Critical to the fight against the COVID-19 pandemic, given the heightened public health risk, the lockdown adversely impacted the livelihoods and mobility of millions across the country. As pandemic grew we were aware that the livelihoods of a large number of families surviving on daily wages will be shaken up and as millions of people in India earn their livelihood by being engaged in and working as daily wagers. COVID-19 is not just a global health outbreak but is also a major threat for the survival of people especially for the families that survive on daily income - labourers, domestic help, taxi drivers, restaurant waiters, hairdressers. There have been several discussions around issues of migrant labourers who are leaving the cities across India to go back to their respective villages. People have raised questions around provision of food and ration to the migrants. Apart from that, there are a huge proportion of daily wage labourers and unskilled workers who could not make it back home to their villages for various reasons. Their struggles in the city without any means of livelihood or income have been completely overlooked. There have not been enough measures taken to fulfill their basic needs, leading to further marginalization and invisibilization. With this view **Vigyan Foundation** with the support of **OXFAM India**, initiated a Support Group by the name of Allahabad health Group in Prayagraj and support was extended under the program called- **“Project PSP- Protect Secure Preserve”**. After being initiated by Vigyan Foundation the group was then joined by many different NGOs who have joined battle to combat against Corona. The support group by Vigyan Foundation is also operating and helping the ones who helped us once, in Lucknow too, with the same aim and objective to reach out and support those working in informal sectors.

#### **Reaching out People:**

All of us, we the people of Vigyan Foundation, from OXFAM India and all other social activists, volunteers, journalists in the group have a common goal of reaching out to the maximum people in need and to help them survive the battle of not only the disease but also the basic needs, which includes food and basic hygiene needs. There have been significant gaps among most disadvantaged groups in accessing the ration or cooked food due to lack of information and restricted mobility during lockdown and a majority being daily wage earners. The relief work started with identification of people who required food and hygiene aid on an urgent basis. It was emphasised to identify the most marginalised groups. We are trying to reach people amidst the crisis by providing dry ration, cooked food packets, hygiene products which include soaps, sanitary pads and masks. On 20<sup>th</sup> April 2020 we were able to reach a total of 173 families while on 21<sup>st</sup> April we reached to 170 other families where ration kits were distributed to the families of domestic workers and that of informal sectors. The ration kits comprised of – Rice, Pulse, Flour, Salt, Soya bean and a few essential spices, depending upon the total numbers of members in the family. We aim to reach out to all the families, individuals in need at present.

#### **Thematic Focus:**

Our thematic focus is to reach out the maximum number of people in need. We are trying to do our bit to support those who once had the job of supporting and helping us. We will continue to support them along with the help of all our respective group members as long as the lockdown continues or as long as they need us. To help meet the basic food and hygiene needs of those who have helped and supported us throughout, which include Migrants, Urban Poors and workers from informal sectors.

#### **Spreading awareness about COVID-19:**

After several rounds of initial discussions with our members, we analyzed the needs of the communities and took several initiatives to spread awareness about COVID-19 and basic precautions to be taken to contain the spread, as the panic grows faster than the disease it was our responsibility to reach out to them and help them make aware regarding the same. This was done with the help of our team members and volunteers. In some areas, a few sanitized supplies were distributed, demonstration of the proper way of hand washing and also clarified doubts and myths related to COVID-19. Our coalition network has been reaching out to different organizations for their support, in order to provide essential hygiene products in the communities.

A few glimpses of our support:

**PROJECT PSP**  
**COVID 19 RESPONSE 2020 BY VIGYANFOUNDATION SUPPORTED BY OXFAM INDIA**

**Muster Roll: Food Kit (Dry Ration) Distribution under Humanitarian Assistance**
